

BFM6054.FK Editing

Assignment 1

Constructing the complete scene „Escape“ (using FCP X)

Using the provided material edit together the complete scene taking into account:

- Building the scene tension
- Using the anchor points or attention points when doing the edits
- Rhythm and tempo of the cuts to build up the tension
- Add a title with your name to the end

- Save your Final Cut Pro X project XML file as “Escape – Firstname Lastname” and copy it to the Drop Box and;
- Export the final version as Quicktime Apple ProRes 422 HQ “Escape – Firstname Lastname” and copy it to the Drop Box.
