

SEM a.k.a nominal period of studies measure

SEM is a measuring unit for counting the remaining semesters of nominal studies. Upon matriculation, the value of SEM correlates with the study level: 3-year professional higher education and Bachelor's studies SEM = 6, Master's studies SEM = 4, Bachelor's and Master's integrated studies SEM = 10 and Doctoral studies SEM = 8. SEM is reduced at the end of each semester, excluding the cases regulated in TU Study Regulations (e.g academic leave, studies abroad).

1. Go to menu: MY STUDY INFORMATION > Student performance records
2. The SEM field displays the numer of remaining semesters of nominal studies.
